**INTERDISCIPLINARY APPROACHES TO THE STUDY  
OF DISEASE AND DEFORMITY IN PAST POPULATIONS**

## ***Archaeological Review from Cambridge***

The *Archaeological Review from Cambridge* (ARC) is a biannual journal of archaeology. It is run on a non-profit, voluntary basis by postgraduate research students at the University of Cambridge.

Although primarily rooted in archaeological theory and practice, the ARC increasingly invites a range of perspectives with the aim of establishing a strong, interdisciplinary journal which will be of interest in a range of fields.
